Dear Ms. Davis:

**HANFORD FACILITY NONCOMPLIANCE REPORT FOR CALENDAR YEAR (CY) 2005
(PERMIT CONDITION I.E.19)**

This letter serves as the Hanford Facility Noncompliance Report for CY 2005, submitted to meet the March 1, 2006, compliance due date specified in Hanford Facility Resource Conservation and Recovery Act Permit, WA7890008967 (Permit) Condition I.E.19. Permit Condition I.E.19 states "The Permittees shall report to Ecology all instances of noncompliance, not otherwise required to be reported elsewhere in this Permit, at the time the Annual Dangerous Waste Report is submitted." This Permit condition is interpreted to mean instances of noncompliance with the Permit, including treatment, storage, and/or disposal units incorporated in Revision 8 of the Permit. Noncompliances with the Permit conditions alleged by State of Washington, Department of Ecology or reported by the Permittees through Notices of Violation, Notices of Correction, Inspection Reports, Project Manager Meeting Minutes, or other written correspondence, are excluded from this report.

To the best of our knowledge based on the information provided by the contractors, there are no noncompliances to report for CY 2005, which covers the reporting period from January 1, 2005, through December 31, 2005. The report was compiled by FHI with input from FHI, Bechtel Hanford, Inc., Bechtel National, Inc., CH2MHILL Hanford Group, Inc., Pacific Northwest National Laboratory, and Washington Closure Hanford, LLC representatives.

If you have questions, please contact me, or your staff may contact Doug S. Shoop, Assistant Manager for Safety and Engineering, on (509) 376-0108.

Sincerely,

Keith A. Klein
Manager
